An incredible house with an amazing seaview! It is located in a quiet seaside area! You can wear your swimming suit and just go swimming! The main house's area is 176 square meters and there is also another apartment of 55 square meters in the basement. It is an excellent luxury construction in modern design. One side of it is all glass so you can't miss that unbelievable view of the sea even for a minute. In the basement, there are two large warehouses, which could be turned into bedrooms. The price is under negotiation with the owner. Only serious proposals accepted.
